Dear Judge Johnson,

May I very briefly but sincerely say "welcome." I look forward very much to working closely with you and continuing the close and important cooperation between the FBI and the CIA.

If there is anything I may do to help in the preparations for your confirmation hearings or in any other way, please call upon me. Other than that, please don't acknowledge this. I will look forward to getting together at an early opportunity when your schedule permits.

Again, congratulations.

Yours sincerely,
